

Lively Soweto welcomes FIFA Confederations Cup roadshow

THE Deputy President of the Republic of South Africa, Ms Baleke Mbete, led a roadshow through the streets of Johannesburg's famous Soweto township to promote the upcoming FIFA Confederations Cup in 2009 on Tuesday, April 14. Accompanied by the Chief Executive Officer of the 2010 FIFA World Cup Organising Committee, Dr Danny Jordaan, she led a roadshow through the streets of Soweto to promote the upcoming FIFA Confederations Cup in 2009. Riverspray Lifestyle Estate ... where quality lifestyle awaits you

Urban lifestyle development on the Vaal River nears completion: Two and a half years ago that was the Riverspray dream and 2009 sees that dream become real. In a matter of months the security estate situated on the banks of the Vaal River, a mere 25 minutes from Johannesburg South, is blossoming. At the moment there does not seem to be another range of one and two bedroom apartments development like Riverspray. Nothing two and three bed duplexes, single residential plots, boathouses and 15 hectares of landscaped open space with a range of amenities for exclusive use of the residents completes the impressive picture. **The vision:** More than two years ago the developers stood on the bare piece of land that is now known as Riverspray. As always with something from scratch, an idea, a plan, and vision needs to be imagined before anything can materialise. Having an idea of one thing. People have ideas all the time. Having a vision is something else entirely because that involves the intricate sum of ideas. Being able to turn that vision into a reality is the difficult part because that takes courage and conviction. That is rare indeed. Riverspray defines this. A vacant tract of land sparked an idea. That idea grew into a vision - a vision promising that a small part of the world could be changed into somewhere special. A vision that ensured people enjoyed a secure quality life which included an array of water-sports and facilities. A vision that inspired a place where one could enjoy beautiful surroundings in an urban world. A vision that made it possible for people to live this reality at an affordable price!

PLOTS FROM R295,000
